

## Crossroads Centre, Antigua

### Hotels and Lodging

When considering your choice of accommodation, please be aware that most hotels are all-inclusive and therefore offer unlimited alcoholic beverages. This can be a significant trigger, particularly for those in early recovery. Many alumni have found renting private villas or smaller non-all-inclusive hotels are more conducive to providing a safe recovery environment. A small bed and breakfast may also be considered. For more information contact: Antigua and Barbuda Hotels and Tourist Association at [www.antiguahotels.org](http://www.antiguahotels.org) or <http://interknowledge.com/andtigua-barbuda>

We have negotiated lower accommodation rates with the hotels listed below. Remember to quote “25<sup>th</sup> Anniversary Celebration” when booking accommodation.
